Learning Resources Available to Students at iQualifyUK

At iQualifyUK, we provide students with access to a range of **digital learning resources** to support their academic journey. Our primary platforms include **MS Teams** and **LSM Moodle**, which facilitate online learning, communication, and resource sharing.

1. Microsoft Teams (MS Teams)
MS Teams serves as our **Virtual Learning Environment (VLE)** and primary communication platform, offering:
- **Live & Recorded Lectures:** Interactive sessions with faculty, with recordings available for later review.
- **Collaboration & Discussion:** Dedicated channels for group discussions, peer interaction, and faculty support.
- **Assignment Submission & Feedback:** Students can submit assignments, receive feedback, and track progress.
- **Integrated Calendar & Notifications:** Helps students stay informed about deadlines, events, and academic schedules.
-

2. LSM Moodle (Learning Management System)
LSM Moodle is our **Learning Management System (LMS)**, providing:
- **Course Materials & Resources:** Centralized access to lecture slides, study guides, and reading materials.
- **Assessments & Quizzes:** Online tests, assignments, and self-assessment tools to track learning progress.
- **Discussion Forums:** Interactive spaces for academic discussions and peer learning.
- **Student Progress Tracking:** Personalized dashboards to monitor coursework, grades, and learning milestones.

By integrating **MS Teams and LSM Moodle**, iQualifyUK ensures that students have **seamless access to learning materials, academic support, and collaboration tools** for an enriched educational experience.
